TERMS OF HIRE

Terms and Conditions are obtainable on request and can be collected from the Hire Counter, or downloaded from www.haleshire.co.uk.

It is the customer's responsibility to return the equipment or arrange collection. This will determine the end of the hire period and, of course, alter hire expenses.

Customers must ensure that all equipment is not brought back damaged, and that it is clean and reusable. We advise all our customers to make sure that they minimise any risk of loss, theft and damage of the machine as during the period of hire, they are responsible for the hire equipment and will automatically be charged in each of these circumstances.
